Ship Thru Height Model (SRW)

### STANDARD FEATURES / EQUIPMENT

- **Bar Locks** – Rotary bar locks provide additional security for side compartments.
- **Bulkhead** – Two-section bulkhead with windowed sliding door provides access from cab into cargo area. Door is also lockable.
- **Bumper** – Drop-step style with gripstrut step provides easy access into cargo area.
- **Construction** – Lock-bolt to provide unbeatable durability, eliminates rust-causing welding and grinding, and promotes corrosion-free, long-lasting product.
- **Cutout** – Opening in intermediate panel between horizontal and rear vertical compartments provides extended storage between compartments.
- **Door Frame** – Reinforced with 7 ga hot rolled steel
- **Door Hinges** – Concealed, bolt-on style provides increased security and clean appearance. Vertical compartment doors have spring-loaded hinges and door holders hold doors in the open and closed positions. Rear doors feature stainless steel strap hinges.
- **Door Latches** – Bolt-on rotary style with stainless steel paddle handles and stainless steel pans. **Lock Cylinders** are keyed alike with double-bitted keys and are power door lock ready for easy after-market installation.
- **Door Striker** – Adjustable, bolt-on.
- **Door Seal** – STAHL-engineered clip-on to allow easy removal for painting, replacement and quicker installation. Door seals against a flat surface for extra protection against water leakage.
- **Horizontal Doors** – Have vinyl coated aircraft cables, a stainless steel continuous hinge and pass-thru access into cargo area.
- **Drip Rail** – Concealed to provide extra protection against water leakage.
- **Fender Panels** – Bolt-on die-stamped with radius wheel opening.
- **Light** – One dome light (with switch on light) centered on interior cargo- area ceiling.
- **Rear Doors** – Double rear doors with security screen covered windows, positive latching L-handle, full-framed door opening, stainless steel strap hinges, gas shocks,
- **Shelving (Compartment)** – Package with adjustable plain shelves and adjustable material trays with dividers.
- **Shelving (Cargo Area)** – Two built-in, full length shelves in interior cargo area.
- **Storage** – Side compartments and interior cargo area
- **Primer** – High grade automotive type. Bodies are cleaned with a high-temperature, high-pressure chemical solution prior to prime painting.
- **Wiring** – Light kit wiring is run in protective loom and meets FMVSS108.
- **Undercoating** – On bottom of floor and wheelwells.
- **Aerodynamic Wind Deflector** – On standard height DRW models only.
- **STAHL** Exclusive 5-year “No Rust, No Bust” **warranty**.
